

DEMPSEY TRIAL DEFENSE CLAIMS BLACKMAIL PLOT

Reducing Money Supply Is Nation's First Duty to Lower H. C. L. Meredith

TAHOE, June 11.—The problem of deflation of the currency is the most pressing of those confronting the banking interests, delegates to the California Bankers' Association convention here were told today by George S. Meredith of Oakland, president of the convention.

Referring to the international policy, Meredith said:

"The time has come for this nation to declare its dissociation with European affairs in all that does not concern us in respect of our political safety and industrial welfare. European notions of brotherly responsibility, pledged in formal compacts, have no proper place in this nation's permanent policy."

A grave danger which threatens the business life of America, Meredith said, is the prevailing system of taxation, which eliminates the resources of the investors upon whom our enterprises have been dependent in the past.

While the war lasted the government spent with a lavish hand, enormous bonuses were given to shipyarders, and vast sums were spent for aeroplanes which never

showed that Dempsey did provide for his wife, and to contradict many of the vital points in her testimony of Thursday.

Several new witnesses were added to the Dempsey list during the morning to combat statements made by Mrs. Dempsey yesterday, especially as regards how the Dempseys secured funds for their various trips and for living expenses when Dempsey's ring earnings were meagre.

The final pyrotechnics in the case won't be set off until near its conclusion. When the defense finishes the cross-examination of Dempsey's wife, it will end on its various witnesses and climax its work by putting Dempsey on the stand to tell his own story.

few. Federal offices were jammed with unnecessary employees. The waste of white paper for useless printing was beyond belief. And so it went.

Foremost among practical problems confronting the banking world is that of curtailing credit without unnecessarily curtailing legitimate trade and enterprise.

TRADE AND INDUSTRY

In the fields of trade and industry in transportation and the fact remains that, have for such instrumentalities and such craftsmanship as the world has saved and men remembered, a new world confronts mankind today. But this new world is not of pristine purity nor yet untrammelled by conditions calling for the utmost energy and ingenuity of men. It comes to us with the fires of savage passion, battle-scarred, seamed and rent. In all respects it is a cripple, having neither the physical strength nor the moral compensation to function properly.

America's first duty is to herself, this for self-preservation and that she be the more fit to minister to a dependent world. Innumerable problems are surging for solution. This country must not be outrun in the race for trade, for on this depends our industrial well-being and on this depends our debtor's chance of settlement with us.

CHAMBERS SPEAKS.

John S. Chambers, state controller, addressed the convention.

"There is a disposition in state government to give money to this unfortunate class and that," said Chambers, "but we should remember

GOUGER CHARGES QUASHED AGAINST WOOL COMPANY

NEW YORK, June 11.—Indictments charging profiteering against the American Woolen company of New York and Massachusetts, and William M. Wood, president of the corporation, were quashed today by Federal Judge Mack.

Judge Mack sustained a demurrer interposed by Charles E. Hughes, special counsel for the defense, who held that merchandise did not constitute wearing apparel and therefore did not come within the meaning of the Lever act.

Rumania Offers Spain 300,000 Tons Wheat

MADRID, June 11.—Rumania has offered Spain 300,000 tons of wheat, according to announcement here.

But that among unfortunate classes worthy of due consideration are the classed themselves. Chambers advocated reforms for economy and a simplification of the state's executive affairs.

Edgerton called on the bankers to aid in creating a thorough and intelligent attitude toward the public utilities.

DRUM ON DEFLATION.

It must be clearly understood that there is no money available now for purely speculative or non-essential enterprises, John S. Drum, president of the Savings Union Bank and Trust company of San Francisco, told delegates.

"Bankers must turn," he said, "to the orderly deflation of the credit expansion, which could not be avoided. There is no occasion for hysteria or gloomy forebodings, but it is time for recognizing conditions as they exist."

The world's circulation of currency is estimated, he said, at \$56,000,000,000, an increase of \$48,000,000,000 since the summer of 1914. Of this increase fully \$16,000,000,000 has been added since the signing of the armistice, he said.

ENDOWMENT OF BATTLESHIP IS STATE'S PLAN

NEW YORK, June 11.—Natives of Tennessee will be asked to contribute to an endowment fund for the superdreadnaught Tennessee. Captain Richard H. Leigh, commanding officer of the ship, announced his endowment plan at a dinner given last night in his honor by the Tennessee society of New York.

He said that a group of Tennesseans was raising \$25,000, which would be invested for the battleship in business interests in the mother state. He pointed out that if a similar sum were raised each year for fifteen years, the proceeds from the total endowment would enable a perpetual annual disbursement of \$25,000 for the benefit of the officers and men of the ship.

"People endow colleges; why not battleships?" he asked.

Civil Service Board Prepares Police List

Completion of the eligible list for patrolmen in the police department will be undertaken by the Civil Service Board at a meeting to be held this evening because of the postponement of the regular Tuesday night session of the board.

An examination for the vacant position of sergeant in the department has been called for next Thursday, and on Monday another examination will be given by Secretary Frank Colbourn for fire alarm operators.

LIGHTNING STORM KILLS SEVEN AND HURTS THIRTEEN

BY INTERNATIONAL NEWS SERVICE
LEARNED WIRE TO TRIBUNE.

DETROIT, Mich., June 11.—Seven persons were killed by lightning or drowned and thirteen seriously injured during a combination hall, electrical and wind storm that raged over Detroit early last night. Four of the dead were members of an amateur baseball team at Northwestern high school who had taken refuge from the storm under the shelter of a tree on the grounds. Six other players were injured by the bolt.

BY ASSOCIATED PRESS.
LEARNED WIRE TO TRIBUNE.

HOUGHTON, Mich., June 11.—Many farm buildings were wrecked, fruit trees were damaged, standing timber was blown down and roads made impassable last night by a tornado that blew east of Houghton through the Portage entry, Pike river and Otter lake districts. No one was injured.

nation will be given by Secretary Frank Colbourn for fire alarm operators.

MRS. COUGHLIN ASKS AID OF ALL MOTHERS

NORRISTOWN, Pa., June 11.—Mothers and children throughout the country are appealed to by Mrs. George H. Coughlin, mother of 13-month-old Blakely Coughlin, who was kidnapped nine days ago, to help her find the baby. When she concluded writing the appeal, which was blotted with her tears, the mother collapsed.

"I appeal to every mother and child in the United States to help us find my baby," Mrs. Coughlin said. "Surely some one will see and know my boy."

Burnished Postoffice Is Set for June 14

"Clean-Up Day" in postoffice regulations is Monday, June 14. On that day the Oakland office, as announced by Postmaster Joseph J. Rosborough, together with all branch offices of the service, will be put in perfect order and brightest polish, subject to inspection and report. While it is the aim of the department to make every day a clean up and polish up day, special attention to this matter is given upon June 14, this being made a model day for yearly imitation.

Marine Recruiting Sergeant Transferred

Sergeant E. K. Camp, who, for a number of months has been stationed with Sergeant August Erbs at the local Marine Corps recruiting office, which combination caused the local office to become known as "Camp Erbs," has been relieved from duty here and transferred to the San Francisco recruiting office. Sergeant Alfred Fuller took his place.

Recommend Purchase of Water Distributing System

By practically a unanimous vote members of the water commission of the Eastbay cities and the county of Alameda, Berkeley, Alameda and Richmond assembled in joint conference in the city hall on Wednesday, June 6, accepted a report of a special committee recommending the purchase by the four municipalities of the portions of the distributing system of the East Bay Water Company within their respective borders.

The purchase will be the first step in a program having for its ultimate goal, as a solution of the water crisis, the union of the cities in a water district, under a new or improved public utility act, and the acquisition of all local water supplies and the development of an outside source, probably the Eel River.

VOTE UNANIMOUS
Prior to the conference yesterday afternoon, consisting of the special committee, consisting of the mayor and one councilman from each of the four cities, was held in the chambers of Mayor John L. Davis, when the vote, accepted a report of the report prepared for the conference by Mayor Louis Bartlett of Berkeley. Mayor J. N. Long of Richmond, who opposed the plan when it was conceived at a meeting of the committee Wednesday, was not present, but the other Richmond delegate, Councilman E. J. Garrard, approved the plan.

At the same time a resolution was adopted calling for the organization of a committee consisting of the mayor of each city and one councilman named by him, to study the water program recommended, with the cooperation and advice of the water commission already in existence.

The joint conference then convened to hear the recommendations of the committee and the plan was immediately adopted with a unanimous vote being read and explained by Mayor Bartlett. No substitute plan was offered and there was practically no discussion of the project.

EXPRESSES DISAPPROVAL
After the vote, however, Commissioner of Public Works Frederick Soderberg of Oakland expressed disapproval of the plan and asked that a copy of the report be submitted to each of the delegates, as he believed that some of the other delegates did not understand the report. "It seems to me that the main object has been lost sight of," said Commissioner Soderberg. "This commission was to get an adequate source of water supply."

"The special committee was named by the main body to report back a plan of procedure to that end, and this is their recommendation as the first step," replied Mayor Davis. "You were present when that was done, weren't you?"

"Yes," answered Commissioner Soderberg, "but I didn't feel that I had any part in the selection of this committee's recommendation."

After a statement by Commissioner W. H. Edwards of Oakland, in which he declared the time was past for discussion and that action should be taken, Commissioner Soderberg was registered with a negative vote. No other member of the conference changed his vote.

Commissioner Edwards then moved that the committee be continued to handle the proposed project, but the motion was lost. It was pointed out that the plan he was endorsing was embodied in the report of the committee.

After an adjournment motion was made Commissioner Soderberg again addressed the conference in opposition to the project, declaring that he "would not stand for the purchase of an obsolete system." There was no reply, however, and adjournment was called for and the conference disbanded.

In addition to the four cities already united to go into the water business under the scheme, the cities of Piedmont and Alameda will also be asked to join in the program, Mayor Davis says.

The recommendation adopted yesterday provides for the election of a committee to study the plan and to acquire that portion of the East Bay Water Company's system within its boundaries, and after the acquisition of the water will be bought wholesale from the company for the time being. No public utility district is to be formed until the present alleged faulty act of 1915 is amended or a new act passed by the legislature.

DIFFICULTIES SEEN
During the committee discussion of the report prior to its adoption, City Manager C. E. Hewes of Alameda and Marston Campbell, a member of the commission and former city engineer of Oakland, pointed out difficulties in the plan from a physical standpoint, because of the complex nature of the system, but it was agreed that the difficulties mentioned were operating difficulties and possible of solution by engineers in the working out of the details of the project.

The question of the price to be paid for the system was brought up by Councilman Garrard of Richmond, who called attention to the poor condition of much of the system. In reply Mayor Bartlett stated that if the cities are not satisfied with the price demanded condemnation proceedings can be brought. Regarding the question of the price to be paid for the water, also raised by Councilman Garrard, it was declared that the price would be fixed by the state railroad commission.

The following is the report:

DEMANDS ATTENTION
We believe the water situation demands the immediate attention of all of the Eastbay communities and that steps for increasing the water supply should be taken at the earliest possible moment. This community and San Francisco are the largest, and in

fact the only large communities in the United States whose water supply is in private ownership. Municipal ownership has been found better than private ownership because by the control of the water the city can attract industries and give them cheap and plentiful water. It can attract home owners in the same way.

The interest to be paid on the cost of the water system is about one-half of the cost of the water, and as cities can borrow money at from 1 to 1 1/2 per cent less than privately owned public utilities, the cost of the water can be reduced. We therefore favor public ownership of the water supply of the Eastbay cities.

Public ownership here is complicated because we are a number of independent cities, and common action is necessary. The public utility act of 1915, under which the cities would have to join, is not acceptable, and we recommend that no public utility district be formed until this act is amended, or a new and satisfactory act be passed by the legislature next January.

DISTRIBUTING SYSTEM.

The distributing system of the East Bay Water company should, however, be acquired at once, each city acquiring that part within its own boundaries. In this way each city will be able to improve its own distributing system and build up its industrial district and waterfront as it desires without interference from its neighbors, and no severance damages need be paid for the whole system. It will be bought at one time. Water will be bought at wholesale from the East Bay Water company for the time being.

This plan can be carried out by a bond election in each city for the purchase and improvement of its own distributing system. If the election fails in one or two communities and carries in the others, the communities carrying the election will have made a distinct step forward and nothing need be undone, while the other communities, after a further campaign of education, can call a second election and when all agreed, the purchase can be carried out.

This plan has a number of advantages. It takes a step forward and puts the cities in the water business; it will permit the distributing systems of the different cities to be improved, by effecting a saving in the difference (1 to 1 1/2) in the interest rate on the capital invested; it may affect a material reduction in the rate for water; it will accustom the Eastbay cities to working together and will make it easier when we have a satisfactory utility law, to organize and then buy our local sources of water supply, and bring in water from a distance.

This is a distinct, practical step forward, and by adopting it the cities will hasten municipal ownership and the acquisition of an outside source of water.

BIG PROGRAM IS FLAG DAY PLAN

Flag Day in Oakland will be observed by the Women and Girl Workers of the Civil War who have prepared a fitting program for the occasion. The services will be held at the municipal auditorium grounds Monday morning at 10:30 o'clock as a memorial to the heroes of the civil war, the Spanish-American war and of the world war. Rev. Frank M. Bailey will pronounce the invocation.

During the services an airplane will circle over the grounds, dropping silver stars in memory of those who gave their lives. Following the services, the crowd will be invited to go to Mosswood Park for basket lunch. Another program will be staged during the afternoon at the park.

The program is as follows:
"America"—Band and Audience Invocation...Rev. Frank M. Bailey
Presentation of Flag...Commander Sarah H. Wilson
Acceptance of the Flag...S. H. Buteau, president Board of Park Directors.
Raising of the Flag...Girls of '61-'65
Music by the Band.

Patriotic Work of the Girls of '61-'65...Violet S. Murphy

1900 MEMBERS 'BOLT' ROUTINE

Nineteen hundred members of the Oakland Chamber of Commerce who have "bolted" from ordinary routine will hold an "outlaw" Republican-Democrat convention at the T. & D. theater at noon next Monday which is expected to be a mock replica of the Republican affair now being held at Chicago so far as "steam rollers," "dark horses," "ultimatums," "slush fund investigations" and framed states are concerned.

Ben Shapiro, international chairman of the Repub-Demo temporary committee, will deliver the non-partisan keynote speech unless he is thrown out by "insurgents" who are plotting to swamp the convention. More Bozo for the common people, abolition of crowing roosters, organization of ojus clubs throughout the country to promote education and passage of a law giving relief to bald-headed men in fly time are some of the vital national issues which will be taken up in "cross of gold and crown of thorns" speeches and heart-rending oratory.

Groups of Chamber of Commerce men will be formed, representing every state, committees who will be cornered by the representatives of great steel and coal interests will sneak off to conferences in back rooms and "dirty politics," trading of votes and all the other reputed indoor sports of convention delegates will be indulged in. An investigation of the origin of the fund which provides for 2500 box lunches to be given to the delegates by the Chamber of Commerce is now under way and some dark, deadly plot is suspected by the "purists."

The fake convention is for the purpose of advertising Oakland and is expected to attract attention because of nationwide interest in the Chicago confab.

Girls Plan Varied Athletic Program

Horseback riding, swimming, tennis, rowing, basketball and golf are some of the sports included in the Girls' Community Service athletic program for the summer months, which was announced today.

The only sports for which there is any charge is horseback riding and swimming. The other sports are all free to the members of Community Service.

Included in the program as a special feature will be two tennis tournaments, which will take place the last week of this month and the middle of August. Two rowing crews with Miss Edith Sanderson of the Oakland recreation department as instructor, will practice on Monday and Friday evenings.

In addition to the athletic program the girls' canteen has been remodelled to serve several hundred girls with meals at cost.

CITY HAS ENOUGH CAFE LAWS NOW, COUNCIL IS TOLD

No further ordinances placing additional restrictions on cafes and cabarets in the city will be adopted, it developed this morning at a meeting of the city council when the issue was practically closed with the filing of a report by Commissioner F. P. Morse.

In submitting his report, in pursuance to the action of the council referring to him the numerous communications from church and welfare organizations asking for an ordinance clamping the lid tighter on Oakland's night life, Commissioner Morse furnished the commissioners with a reply he has sent to the various organizations. In substance, the petitioners were informed that sufficient regulation and supervision already exists over cafes and cabarets, and that further regulation is not needed so badly as the power to enforce existing laws. The answer was sent to 33 churches and welfare bodies that have petitioned the council during the past few months for further night life regulation.

NO ACTION TAKEN.
In the discussion that followed the reading of the report and communication, the council was practically unanimous in accepting the settlement of the issue offered by Commissioner Morse, although no action was taken beyond the filing of the report.

In his statement to the petitioning bodies, Commissioner Morse stated that the bodies had been misinformed when they stated that cafes and cabarets had operated in the city since July 1, 1919, with no restraint being imposed on them by city ordinance or otherwise, and without adequate supervision of any kind. Attention was called to two existing ordinances, 553 N. S. and 1279 N. S., both placing restrictions on such places.

19 PLACES REGULATED.
Nineteen places in the city that come under those ordinances, Commissioner Morse told the petitioners, are under constant supervision of the moral squad of the police department, who regularly visit each place, checking up and making careful observations. In addition to the work of the squad, a regular police officer is detailed at each of the halls on all special occasions, holidays and every Saturday and Sunday, the days when the crowds are largest.

The communication also referred to a report made by Chief of Police J. F. Lynch last May, in which he declared no trouble had been reported from the cafes and apparently all such places were being properly conducted.

Attention was also called by the commissioner to a statement by Lola G. Baldwin, supervisor of the Sixth district, Field Service, United States Interdepartmental Social Hygiene Board, who said:

"I wish to say there is no city on the Pacific Coast which has given more attention to the problem of entertainment places along protective and preventive lines than has Oakland."

MY HEART AND MY HUSBAND

(Continued from Yesterday.)
How Dicky Helped Madge With Alice Holcombe.
"There's my husband now," I exclaimed, affecting an enthusiasm not quite genuine, for I dreaded the moments of explanation I saw before me. "Please pardon me a moment." I rushed out of the kitchen, hearing as I did so a nervous mumbling on the part of Alice Holcombe. I felt my shoulders shrug with momentary irritation. The shock of her old playmate's death, the danger in which she imagined Kenneth Stockbridge to be seemed to have robbed her of the poise which always had been her pride.
Dicky was only fairly inside the door when I met him, and with finger to my lips drew him into the living room.
"What the de—?" I drew his head down, smothered the imprecation in a hiss.
"Who's sick?" was his next question.
"Tiz" for Sore, Tired, Puffed-Up, Aching, Calloused Feet or Corns.

CAN'T BEAT "TIZ" WHEN FEET HURT

"Tiz" for Sore, Tired, Puffed-Up, Aching, Calloused Feet or Corns.

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions.
As soon as you put your feet in "Tiz" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty, smelly feet.
Get a box of "Tiz" at any drug or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.—Advertisement.

Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance. Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.
Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Advertisement.

For the Relief of Rheumatic Pains.

When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible. For sale by Osgood Bros' Drug Stores.—Advertisement.

There's a Story Told by Every Comb and Brush

And more often it's the sad story of falling hair and dandruff. Why is it so many men and women absolutely neglect their hair, except to brush it two or three times a day—asks Prof. John H. Austin, of Chicago, 40 years a Barbershop, Hair and Scalp Specialist. If only the hair could ache or cause pain, there would be fewer cases of baldness and more people would have a luxuriant growth of beautiful, lustrous hair.

Prof. Austin, who now has offices with The Owl Drug Co., says that people who are at all troubled with any kind of hair and scalp trouble, such as:
—Itching Scalp
—Falling Hair
—Excessively Oily Hair
—Dry and Brittle Hair
—Dandruff
—Split Hair
—Gray or Faded Hair

Should have their hair examined at once under his powerful microscope. Prof. Austin says that the use of massage, curets, dandruff cures, hair tonics, vasoline and oils, without proper advice, is like taking medicine without knowing what you are trying to cure.
During the past two years at The Owl Drug Co., Prof. Austin has made thousands of free microscopic examinations of hair and scalp.

Prof. Austin invites both men and women to take advantage of the FREE MICROSCOPIC EXAMINATIONS of the hair and scalp this week in his private office at The Owl Drug Co., 14th and Washington, Oakland. Hours 10 to 12 and 2 to 4 daily.

The next time you buy calomel ask for

The purified calomel tablets that are entirely free of all sickening and salivating effects.

Medicinal virtues vastly improved. Guaranteed by your druggist. Sold only in sealed packages. Price 35c.

thingumbob to boil, Madge?" he demanded. "I warn you I shall begin on you if you don't hush some eats around here pretty quick. No Belgian refugees ever had anything on me in the hunger line tonight!"
From the moment that Dicky entered our kitchen he gave Alice Holcombe no single moment of time for retrospection over the horror which had sent her flying to me.
Knowing nothing of the real tragedy underlying my simple statement that Miss Holcombe was much upset over the sudden death of her old friend, Mrs. Stockbridge, he evidently assumed that her shock and grief were not of so grave a nature as to call for a reverential attitude on his part, and therefore set no limit to his mood.
When Dicky is in such a mood there is no resisting him. One must perforce follow him in his whimsical aerial soarings or sit mentally writhing one's fingers, waiting for his return to earth and sanity.
(Continued Tomorrow.)

MOTHER!

"California Syrup of Figs"
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."—Advertisement.

Beach Caps at 50c

—Interesting Values
—Captivating Styles
—Made for Service

A group of the 50c caps is shown in the picture above. There are others equally attractive. There is a variety of plain colors and some very striking combinations of colors—to varied to describe here. Every cap is made of fresh, "live" rubber—they will give good service.

Other Beach Caps as low as 25c and some as high as \$1.00, with a particularly good assortment at 75c.

Practical Water Wings 50c

The right kind of water wings are a great help to those who are learning to swim. The Ayvad Wings have been proven to be the right kind. Easy to inflate. A price that is easy to pay—50c in The Owl Drug Stores.

Bathing Suit Bags

They are made of rubberized materials. There are two styles and two prices—50c and 75c. The only way to carry a wet bathing suit.

Ear Stopples

No more bother with water in the ears when diving or swimming. Earstopples have been perfected. Stair's Stopples 25c and Frank's Stopples 50c a pair.

Special—

50c Harmony
Liquid Shampoo 39c

A wonderfully efficient shampoo which contains a high percentage of coconut oil. It cleanses the hair and scalp thoroughly and leaves the hair soft and silky.

Teachers Seeking Pay Raise Send Out S. O. S. Circular

Urging the case of the Oakland school teachers who are campaigning for a flat increase in all of their salaries of \$420 a year, a pamphlet has been prepared for public distribution entitled "S. O. S." or "Save Our Schools."

The pamphlet points out that the department of labor statistics show the cost of living has increased 112 per cent since 1913, while teachers' salaries have increased 50 per cent. Says the pamphlet, "The teachers of Oakland are not asking for a salary increase this year; they are asking for a partial restoration of the purchasing power of their salary in 1914."

Taxpayers of the city are urged to sign and mail to the city council the following endorsement of their position: "I am in favor of the teachers' demand for a salary increase of \$420 a year."

The circular is being distributed by the teachers' committee.

Nathan Straus Goes To Zionist Congress

NEW YORK, June 11.—Nathan Straus, philanthropist, called today for Oakland. He will attend the Zionist congress in London and later will go to Palestine for an extended tour. He will not participate in the politics of the Jewish homeland.

Honest Advertising

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised. Honestly placed before the public, and from which he honestly expects to receive his reward.

Genuine Castoria always bears the signature of *Dr. J. C. Fletcher*

TEACHING IS SHUNNED

By young men and women who should be training today to carry on the school work of tomorrow and it is being abandoned by teachers now employed because it is the only profession that does not yield "a professional wage for professional services."

Teachers, like other professional people, must undergo a long period of arduous technical training before they are qualified to practice their profession. Once established, they must "keep up to date" in their profession. They must know educational movements and methods as they are brought out. They must keep well posted on the newest things in art, music and literature. They must be always in closest touch with world, national and community affairs. Finally, they must maintain a high standard of living to allow them to take the places of community leadership their profession requires of them.

It is because of these things that professional workers must have more than simply living wages. It is because of them that the dentist, for example, must charge \$10 or more an hour for his services.

It is because they are receiving pay that does not even approximate a professional wage that the teachers are leaving their profession and entering other pursuits. It is for the same reason that the normal schools and the university training schools are virtually deserted.

There would be no good doctors, lawyers or dentists today if they earned only \$2160 a year after seven years' practice. Yet that is the most a high school teacher can get in Oakland after seven years in the department.

And there will be no good teachers in the schools unless the parents insist that they be paid a wage equivalent to the services they give, in short, "a professional wage for professional services."

Write to the City Council today, demanding that the teachers be paid an adequate salary.

WIFE SUES DENTIST FOR \$300 MONTH

The course of their true love did not run smooth and Dr. John T. Parr left his bride almost before the ink was dry on the marriage certificate, according to the complaint which has been filed in the superior court by Mrs. Nella Alma Steele Parr, in which she asks separate maintenance of \$300 a month. Dr. Parr was 40 years old when, on April 19 last, he led the 17-year-old miss under the chaparral of her mother into the county clerk's office and obtained a license to wed. Mrs. Nella Steele was the required consent in the ceremony, which was performed by Judge Mortimer Smith.

Dr. Parr then became a reluctant bridegroom, according to his youthful wife's story. He has failed to provide for her and utterly neglected her, the complaint declares. The income of the dentist, whose offices are in the Bacon building, is placed at \$300 by his wife, who asks for an allowance of \$300 a month. Mrs. Parr was, at the time of the wedding, in delicate health, which a surgical operation has tended to increase. Ill health and severe nervous strain forbids her earning her own livelihood, she states. Mrs. Parr declares that she is totally without means to provide for herself.

Mrs. Parr resides at 564 Forty-seventh street. She is represented by Attorney Myron Harris. Dr. Parr, who was divorced from his first wife before the spring wedding, makes his home at 79 Tenth street.

10,000 WORKERS TO ATTEND PICNIC

More than 10,000 workers from many of Oakland's leading factories are expected to attend the first annual picnic and games of the Industrial Athletic association at Idora park tomorrow, which is being held under the direction of the Oakland recreation department.

Contests will be staged all day long, and in the evening a basket supper and dancing will be the feature attractions. The ad circuit in which each factory will contribute a comedy stunt advertising its product, will be the chief feature of entertainment during the evening for those who do not participate in the dancing. Great secrecy is being maintained by the rival factories as to the nature of their displays, and some original stunts in advertising are expected.

Arrangements for the outing have been completed by the officers of the Industrial Athletic association. They are: Robert C. Parker, president; R. A. Whitney, vice-president; C. H. Binkley, secretary, and J. H. Fort, treasurer. W. A. Wieland of the Oakland recreation department, will co-operate in staging the athletic events.

For Hair And Skin Health Cuticura Is Supreme

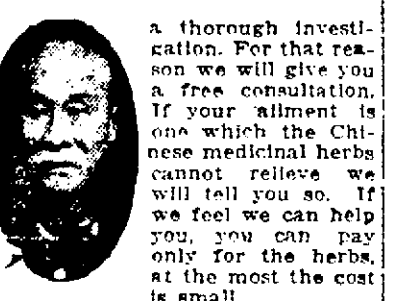

The majority of skin and scalp troubles might be prevented by using Cuticura Soap exclusively for all toilet purposes. Cut the slightest sign of redness, roughness, pimples or dandruff, apply a little Cuticura Ointment. Cuticura is a true soothing and cooling skin and overcomes heavy perspiration. Delicate, delightful, distinguishes.

Sample Each Free by Mail. Address:—Cuticura Laboratories, Dept. 577, Malden, Mass. Sold everywhere. Soap 25c. Ointment 10c. Cuticura Soap shaves without soap.

Put This Out and Take It With You A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion. For sale by Oakland Bros. Drug Stores.—Advertisement.

300 S. F. Shriners To Visit Sacramento

Three hundred members of the Mystic Shrine of San Francisco and Oakland will journey to Sacramento tomorrow by special train for a two-day sojourn in the capital city. The San Francisco members will leave on the noon Key Route boat, connecting with the San Francisco-Sacramento railroad's special train, which will pick up the Oakland Shriners.

The usual Saturday specials will be on hand in the Downstairs Sales-rooms tomorrow. They're seasonal specials, too, such as vacuum bottles and traveling bags. Suggestions for wedding gifts, at regular prices, in our first floor Silverware Section.

Woman Takes Poison; Lays Blame to Man

SAN FRANCISCO, June 11.—Miss Louise Reckler, 25, an entertainer in the Columbia Inn cafe, today is recovering at the Central Emergency hospital from the result of poison taken last night in an attempt at suicide. She told the police her husband, who she said, was a private detective, had made her despondent through alleged mistreatment.

CONVENTION HALL and POLITICAL
PLATFORM UPHOLDS AMERICANISM
FOREIGN ALLIANCES DENOUNCED

Business Methods At Washington Are Urged

reflects war time extravagance rather than high peace time economy. The report also points out that the stretch which has characterized the post-war policy of the administration, the failure to reduce expenditures during the war and navy departments, the executive departments and other establishments at Washington, actually record an increase subsequent to the armistice. ● 214 — employees. The net 1921 demobilization savings contained in the 1921 demobilization savings bill, the administration is only one percent under the 1921 demobilization savings bill. The annual expenditures of the government have increased hundreds of millions of dollars since the armistice, impairing the efficiency of the public service. The bill provides for a carefully planned readjustment to a peace time basis and to a more efficient government. The bill provides for co-ordination of departmental activities, to the elimination of unnecessary

We congratulate the Republican Congress on the enactment of a law providing for the establishment of an executive budget as a necessary instrument for a sound and business like administration of the national finances and we condemn the veto of the President which defeated this great financial reform.

Postal Service

Concerning the present administration for its destruction of the efficiency of the postal service and the telegraph and telephone service which controlled by the government, and for its failure to properly compensate employees whose expert knowledge is essential to the proper conduct of the affairs of the postal system. We commend the Republican Congress for the enactment of legislation increasing the pay of postal employees who, up to that time, were the poorest paid in the government service.

Reorganization

Reorganization of federal departments and bureaus. We advocate a thorough investigation of the present organization of the federal departments and bureaus with a view to securing consolidation, a more businesslike distribution of functions, the elimination of duplication, delays and other lapsing of work and the establishing of an up-to-date and efficient and administrative organization.

War Powers of President

The President clings tenaciously to his autocratic war time powers. His veto of the resolutions declaring peace and his refusal to sign the bill repealing war time legislation, no longer necessary, evidence his determination not to restore the form of government provided for by the constitution. This usurpation is intolerable and deserves the severest condemnation.

Taxation

The burden of taxation imposed upon the American people is staggering; but in presenting a true statement of the situation we must face the fact that while the character of the taxes can and should be changed, an early reduction of the amount of revenue to be raised is not to be expected. The next Republican administration will inherit from its predecessor a floating indebtedness of over \$2,000,000,000, the prompt liquidation of which is demanded by sound financial considerations.

Moreover, the whole fiscal policy

of the Government must be deeply influenced by the necessity of meeting the national debt of \$1,000,000,000, which matures in 1922. But such a policy equally demands the early accomplishment of that real reduction of the tax burden which may be achieved by substituting simple for complex tax laws and procedure, prompt and certain determination of the tax liability for delay and uncertainty, and the collection of taxes in a form which does not oppress the consumer or needlessly repress enterprise and thrift.

simplified form of income return, authorizing the treasury department to make changes in regulations effective only from the date of their approval. The commissioner of internal revenue will be empowered to act for the taxpayer, to make final and conclusive settlements of tax claims and assessments, barring fraud and the creation of a tax board consisting of at least three representatives of the taxpayer public and the heads of the principal divisions of the bureau of internal revenue to act as a standing committee on the modification of tax procedure and the

Banking and Currency

The results have been a greatly increased war cost, enormous loss to the millions of people who in good faith bought liberty bonds and victory notes at par and extensive post-war speculation followed today by a restricted credit for legitimate business expansion. The Government of public opinion urge all banks to give credit preference to essential industries.

High Cost of Living

We condemn the unsound fiscal policies of the Democratic administration which have brought these things to pass and their continuing to exist in the Government to belittle and undermine the credit of the country, wrought by a Democratic administration. We are not alone in our determination to give the people with your promises. But as the political party that throughout its history has stood for honest money and sound finance, we pledge our-

selves to earnest and consistent attack upon the high cost of living by rigorous avoidance of further inflation in our government borrowing, by courageous but intelligent deflation of over-expanded credit and currency by encouragement of heightened produc-

Lowden

(Continued from Page 1)

powers and prerogatives of every

branch of the federal government as set forth by the fathers of the constitution itself, and he is unalterably opposed to executive usurpation of any legislative or judicial function.

HAS GOOD RECORD.

"His record demonstrates a clear, comprehensive conception of the proper relation of capital and labor to each other. His work in Congress and as governor demonstrated the embodiment of the doctrine 'square deal.'

"He typifies more than any one

of the distinguished gentlemen who will be placed in nomination before this convention the great vital issue of economy in the administration of public affairs. We point to the decreased tax rate and the increased administrative efficiency of this state. He is in full accord with the true spirit of America which still prefers the nationalism of Theodore Roosevelt to the internationalism of Woodrow Wilson. He believes that the sovereignty of the United States

must be kept free and inviolate from European influence or dictation and that, while maintaining a friendly attitude toward all nations, we owe it to those who have gone before and to those who are to follow us to enter into partnership with none.

The best constructive ability of our great constructive party must be utilized in the solution of today's problems. Illinois has such a man. We present the patriotic governor of a patriotic state, Frank Orren Lowden.

tenance of law and order our American institutions must perish. Our laws must be impartially enforced and speedy justice should be secured.

Public Roads, Highways

We favor liberal appropriations in co-operation with states for the construction of highways, which will bring about a reduction of production

posts, better marketing of rural products, improvement in rural postal delivery, as well as meet the needs of military defense.

In determining the proportion of Federal aid for road construction among the States the sums lost in taxation to the respective States by the setting apart of large portions of their area, as forest reservations, should be considered as a controlling factor.

Conservation is a Republican policy. It began with the passage of the Reclamation act signed by President Roosevelt.

Conservation

The recent passage of the coal, oil and phosphorus leasing bill by a Republican Congress and the enactment of the water power bill, are consistent landmarks in the development of the conservation of our national resources. We denounce the refusal of the President to sign the water power bill, passed after ten years of controversy, the most pressing conservation question relates to our forests. We are using our forests at an alarming rate.

they are being renewed. The result is to raise unduly the cost of forest products to consumers and in the end to create a timber famine. The federal government, the states and private interests must unite on means to reduce the menace.

Reclamation

We favor a fixed and comprehensive policy of reclamation to increase national wealth and production.

We recognize in the development of

We commend to Congress a policy to reclaim lands and the establishment of a fixed national policy of development of natural resources in relation to reclamation through the now designated government agencies.

The Service Men

We hold in imperishable remembrance the valor and patriotism of the

Soldiers and sailors of America who fought in the great war for human liberty and we pledge ourselves to discharge to fullest the obligations of grateful citizens and justly should fulfill in appreciation of the services rendered by its defenders on sea and on land.

Republicans are not ungrateful. Throughout their history they have shown their gratitude toward the nation's defenses. Liberal legislation for the care of the disabled and infirm and their dependents has ever marked Republican policy toward the

The present Congress has appropriated generously for the disabled of the world war. The amounts already applied and authorized for the fiscal year 1926-27 for this purpose reached the stupendous sum of \$1,153,571,825. This legislation is significant of the party's purpose in generously caring for the maimed and disabled men of the war.

The housing shortage has not only compelled careful study of ways of stimulating building, but it has brought into relief the unsatisfactory character of the housing accommodations of large numbers of inhabitants of our cities.

One of the foremost tasks of the State is the best guarantee of the maintenance of those principles of liberty and law and order upon which our government is founded.

Both national and State governments should encourage in all proper ways the acquiring of homes by our

citizens. The United States government should make available the valuable information on housing and town planning collected during the war. This information should be kept up to date and made currently available.

Woman Suffrage

We welcome women into full participation in the affairs of government and the activities of the Republican party. We earnestly hope that Republican women everywhere will

The supreme duty of the nation is the conservation of human resources through an enlightened measure of social and industrial justice. Ab-

though the federal jurisdiction over social problems is limited, it affects the welfare and interests of the nation as a whole. We pledge the Republican party to the solution of these problems by such national and State legislation in accordance with the best pragmatic thought of the country.

Civil Service

We renew our repeated declaration that the civil service law shall be made responsible for the

(Continued on Next Page).

Wheeler Heckled From Galleries During Speech

(Continued from Page 1)

delegates from other States to their parade, with little success. The Californians chanted "Hiram, Hiram; we want Hiram" and urged other vocalists to join in the refrain, but with ill success. The surprise of the demonstration was the comparative apathy of the galleries. Johnson had strong newspaper support in Chicago and it was expected that regardless of the attitude of the delegates, the galleries would accord him a spectacular greeting. It speedily became evident, however, that the weather and the humidity, or some other phenomena more closely related to politics, was having a bearish effect, and the galleries were decidedly slow in taking up the work of the demonstrators.

At one point in the cheering a woman clad in a black lace gown and seated directly behind the press section seized a large American flag that draped the balcony and, hanging over the rail, waived it frantically. The delegates then stood and shouted for Johnson. She met with considerable encouragement and in a few moments had several volunteer supporters.

At 1:40 p. m. the demonstration was still on. Delegates in various parts of the hall read newspapers, fanned themselves or visited among themselves, taking little or no part in any of the proceedings. The noise was confined almost exclusively to the galleries and to the efforts of the California delegation and a few of its supporters.

DEMOCRATIZATION FOR JOHNSON
CONTINUES OVER 25 MINUTES

Senator Lodge, who had resumed charge of the gavel, made no attempt to head off the demonstration or to bring the convention to order during any one of the lulls until 1:41, when, remarking to the press box that the "delegates needed a little recess," he stepped forward and banded half-heartedly with his key.

It was obvious, however, that the chairman could stand no more punishment as either the delegates or the galleries. He made it clear that each candidate was to be allowed the full limit of time for his part in the program and no interruption but that he did not intend how long the delegates would stand for the present heat and discomfort.

Representative Schall described how his little son, when four years old, crept to his knee and asked if he could see him.

"Can't you see me daddy?" the boy asked, and his father replied with "with my eyes, but with my heart."

"It is the heart of the people that is demanding Johnson, Schall declared and a shout went up from the galleries.

Schall referred to Senator Penrose sending from Philadelphia a message that the convention should nominate "the man who would win."

"That can mean no other man than Hiram Johnson," cried Schall and there was a real cheer.

Schall had the crowd with him from the minute he started speaking. He spoke in a penetrating voice and an energetic personality not unlike the candidate he was there to second. His success in putting a bit of life into the proceedings stirred the galleries and caused frequent murmurs of approval and rounds of applause.

Johnson, he said, "is the only candidate who fits the Republican platform."

Schall, his slightest eyes open, rattled his knuckles on the table as he spoke, and his vigor and enthusiasm seemed contagious.

Schall reached his time limit and was reminded of it. Lodge announced his time was expired.

"Can't I have a moment?" pleaded Schall, turning his blind eyes toward Lodge.

"Go on, go on," yelled the galleries.

Lodge explained that it was necessary to enforce the five-minute rule. As the crowd started to boo, his apparent intention to adhere to the letter of the rule, Lodge gracefully asked unanimous consent to the granting an additional two minutes.

Accept only an unbroken "Bayer" package which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy boxes of 12 tablets. Beware of cheap imitations. Aspirin is made mark Bayer Manufacturing Monocetide of Salicylic Acid—Advertisement.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff. For it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By using most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find that all itching and itching of the scalp will stop and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

FUSS AND CHEERS GREET SPEECHES

(Continued from Page 1)

started yelling, "Wood, Wood, Wood" in an endless rhythmic, while some enthusiasts unmasked a noise maker that kept time to the yell and sounded like a big brass band. When the noise had lasted for fifteen minutes Senator Lodge tried again to get order, but the marchers only replied with a renewed outburst of noise. At that time the parade of about 100 men, but the general's faithful were not willing to keep quiet or sit down.

The "Wood, Wood, Wood" repetition of the name of the nominee, imitated soldiers marching. It broke out intermittently and combined with the tom-tom and the brass band contraption almost drowned the blaring of the brass band.

During the demonstration Frank Hitchcock, supreme chief of the Wood forces, was on the platform wearing with Frank Knox, his floor leader.

A few minutes later, however, Senator Lodge renewed his pounding with the gavel, but all the good to the gymnastic benefit of the exercise.

Most of the delegates seemed to be willing to agree with Senator Lodge that the convention ought to be adjourned until tomorrow.

Louderly declared that the conference of the Republicans in the force and integrity of Hiram Johnson was not confined to that party, but declared that the same confidence in his ability exists to a very marked degree within the ranks of the Democratic party.

Lodge dropped the gavel on the speaker before he had concluded, but he cut and gave him an extra moment to conclude his sentence. The speaker concluded by nervously turning to Lodge and saying:

"And, sir, I second the nomination of the Honorable Hiram W. Johnson of New Jersey."

The crowd got a real laugh from the twisted geography.

O'Neill of Michigan was then allowed two minutes to make the third Johnson nomination speech.

Clad all in white, Mrs. Edson, in a voice that shook a little with nervousness, told how California had adopted woman suffrage and passed legislation for the equalization of the law while Johnson was governor. She stated that Johnson was nominated as a man who understands the great humanitarian problems and give them the best of solutions.

PLATFORM
(Continued from Preceding Page)

extended wherever practicable. The recent action of Congress in enacting a comprehensive civil service reform law and in passing out a comprehensive employment and wage policy that will guarantee equal and just treatment to the army of government workers and in centralizing the administration of new and progressive employment policy in the hands of the civil service commission is worthy of all praise.

Child Labor Law
The Republican party stands for a federal child labor law and for its rigid enforcement. If the present law is not enforced, we shall seek other means to enable Congress to prevent the evils of child labor.

Women's Employment
Women have special problems of employment. It is necessary to have a special study. We commend Congress for the permanent establishment of the women's bureau in the United States Department of Labor to serve as a source of information to the States and to Congress.

The principle of equal pay for equal service should be applied throughout all branches of the federal government in which women are employed.

Federal aid for vocational training should take into consideration the special aptitudes and needs of women workers.

We demand federal legislation to limit the hours of employment of women engaged in intensive industry, the product of which enters into interstate commerce.

Vocational Training
We endorse the principle of federal aid to the States for the purpose of vocational and agricultural training. Wherever federal monies devoted to education such education must be so directed as to awaken in the youth the spirit of America and a sense of patriotic duty to the United States.

A thorough system of physical education for all children up to the age of 18, including adequate health supervision and instruction, would remedy conditions revealed by the physical examination of the nation. National leadership and stimulation will be necessary to induce the States to adopt a system of physical training.

The public health activities of the federal government are scattered through numerous departments and bureaus, resulting in inefficiency, duplication and extravagance. We advocate a greater centralization of the federal functions and in addition urge the better coordination of the work of the federal, State and local health agencies.

Fire Threatens to Destroy Oakland Mole
For a time this morning fire threatened to destroy the Oakland mole and was only held in check by the remarkable work of the fire department. It is the damage is limited to approximately \$1000.

The fire occurred at 5 o'clock this morning, starting in the cook room and eating its way through the walls.

No. 1 Engine Company responded to the alarm. At the mole the fire fighting system installed there was utilized with effect. No one was injured.

A fire which broke out late last night in the garage of A. A. Lehnhardt, 3318 Fourth boulevard, destroyed the building and partially burned an automobile. In the process the risk incurred from the likelihood of an explosion from gasoline, firemen dashed into the burning garage and rolled the car to safety. The damage amounted to \$500.

Summary Executions Are Few in Mexico
MEXICO CITY, June 11.—Few summary executions marked the latest revolution. Unconfirmed reports of some in Tabasco and only four have thus far been confirmed. They were those by Carranza troops in Pachuca of four Obregon leaders, Colonel Cuthbert Ramirez, Captain Marcelino Ramirez, Captain Eduardo Esparrago and Major Vicente Esparrago.

The Fountain of Youth
Famed Dr. Iren sailed across the ocean to find it, and who would not gladly sail the sea for such a prize? At last he has found it, and he has named it "The Fountain of Youth." Keep your health by taking "The Fountain of Youth" and you will feel better. All Work Painless and Guaranteed.

CONVENTIONALITIES

CHICAGO, June 11.—United Press.—The oppressive heat which has been a convention visitor for the last two days, is beginning to take its toll of heat prostrations. Seven or eight people had to be assisted from the convention floor.

The rumor proved rapidly yesterday that Senator Lodge was a heat victim and had fainted as he was leaving the Coliseum. It was started when "Jim" Preston, superintendent of the senate press gallery, sought to conduct the senator through the hall.

The Herrington, Kansas, woman's band surrounded Hiram Johnson's headquarters last night. They wore Wood buttons.

In November Frank Lowden, "And with him to lead we will smash the Hunsdenberg line of southern Democracy forever."

Frank Lowden has demonstrated his power and has convinced his followers that he will bring home the bacon in November.

Then when California was called, cheers broke out.

Charles S. Wheeler of San Francisco who made the speech nominating Senator Johnson.

COOLIDGE IS NOMINATED.
At the Johnson speechmaking the call of the states was resumed. Colorado had no candidate. Connecticut yielded to Massachusetts.

Speaker Gillet came to the platform to read the nomination of Governor Calvin Coolidge of Massachusetts. The nominating speech got repeated cheers, and when Speaker Gillet concluded the Massachusetts delegation stood up and gave Gov. Coolidge three cheers.

A few others in the delegations of other states also stood and applauded.

Mrs. Carlisle Peiffer of Lexington, Mass., seconded the nomination. Speaking deliberately and distinctly she declared her candidate was a real American, born on the Fourth of July, and believed in co-operation, not domination.

At the conclusion of the speech the Massachusetts delegation sent a big bunch of roses to Mrs. Peiffer, who before her marriage was Alexandra Carlisle, a musical comedy star.

Delaware passed and Florida yielded to North Carolina for the nomination of Judge Pritchard. Former Senator Butler made the nominating speech.

HEAT IS TERRIFIC.
With the oratory for the three leading candidates over, the mass of the convention became more and more restless. Many of the delegates were munching on sandwiches and drinking half of one per cent beverages, and they kept up continuous hum of talk.

The heat in the convention hall contributed to the restlessness. The first delegate to collapse from prostration was Alexander Gunnitt, of Middlebury, Vt. He was taken to a hospital.

Some of those in the press box and directly at the front of the speaker's platform got momentary relief from the heat when Butler in the course of a sweeping gesture, overturned a water pitcher and sent down a shower bath of water.

Georgia, Idaho, Illinois, Indiana, Kentucky, Louisiana, Maine, Maryland, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, all passed and then came New York.

New York took the platform to nominate Dr. Nicholas Murray Butler.

The noise had become so great before Mills had finished that his voice could be heard only a few feet away. There was no seconding speech for North Carolina's favorite son and the alphabetical roll of states was passed all the way down to New Jersey before the next candidate was found.

"Talk to 'em," he was told when he started.

"Kentucky, Republican, Kentucky, brings you this message," he said. "Give us to lead the hosts of battle."

INAPPROPRIATE from the good times of summer—SWIMMING—at the beach or in the pool! Those pleasant hours of golden summer days will be memorable if your suit carries the label of

Jantzen
Knit Wear

These famous swimming suits are made right—allowing perfect freedom of action. They look so well because the Jantzen elastic stitch makes them fit perfectly and permanently.

Jantzen tailoring is a feature that places these suits in a class alone. In or out of the water, they give their wearers the appearance of trim smartness. Most of those girls who wear suits with such enviable dash are wearing "Jantzens."

They are pure wool, fit snugly and dry out quickly on the body.

Men, women, children—you will find your exact size and the smartest new color combinations in "Jantzens" at the good shops of your city.

S. PITTSBURG IN SPAIN.
BARCELONA, Spain, June 11.—
Admiral Harry S. Knapp, com-
manding American naval forces in

European waters, arrived here to-
day on board the cruiser Pittsburg.
He will spend the next three or four
days in Spain and then will sail for
Lisbon en route for London.

"I take
Dodson's
Liver Tone
when headachy, sick
Bilious"

CALOMEL

There's no reason why a person
should take sickening, salivating calomel
when a few cents buys Dodson's Liver
Tone—a perfect substitute for Calomel.

"Dodson's Liver Tone" is a pleasant,
vegetable liquid which will start your
liver just as surely as calomel, but it
doesn't make you sick and can not
stagnate.

Children and grown folks can take
Dodson's Liver Tone, because it is
perfectly harmless.

Calomel is a dangerous drug. It is
mercury and attacks your bones.
Take a dose of nasty calomel today

and you will feel weak, sick and nau-
seated tomorrow. Don't lose a day's
work. Take a spoonful of Dodson's
Liver Tone instead and you will wake
up feeling great. No more bilious-
ness, constipation, sluggishness, head-
ache, coated tongue or sour stomach.
Your druggist says if you don't find
Dodson's Liver Tone acts better than
horrible calomel your money is wait-
ing for you.

FAMILIES AWAY; BURGLARS LOOT TWO RESIDENCES

Burglars broke into the house of
John Houtala, 2503 Harrison street,
last night and stole \$300 in currency,
one much valuable jewelry while
Houtala and his mother, with whom
he lives, were at a downtown theater.
They returned home shortly after
10 o'clock to find the house in confu-
sion and the currency, which had
been concealed in an obscure niche,
gone.

A six-year-old girl saw three well-
dressed burglars enter the house at
11 o'clock, 2648 Adeline street last
night and because she did not realize
what they were doing she made no
attempt to give the alarm.

The girl, Dollie Taylor, 2637 Ade-
line street, lives in the house.
The rate distribution of the three
burglars during early evening, while
it was still light. They operated with
the aid of an automobile, driving up
to the front of the house and enter-
ing by means of a pass key.
They looted the house of several
hundred dollars worth of jewelry.
Finger prints were found by the
police.

Principal Meads Is Given Reception

The last social meeting of the
school year of the Cole
School Parent Teachers Association
was held at the school this after-
noon. It was a farewell reception
to S. P. Meads, retiring principal. Of-
ficers for the coming school year for
the association were installed.

SAYS DOCTORS LAST TO TEACH PEOPLE HEALTH

"Physicians of the land are the
last to fall into line in the move-
ment to keep people well," Dr.
Adeleide Brown of San Francisco,
member of the State Board of
Health declared before the open-
ing of the Alameda county
public health center last night.
She predicted a radical change in
the medical profession in the
near future.

Dr. Brown urged that people be
taught to keep well. She design-
ated the next year a remarkable
one for medical legislation in the
State.

Other speakers were Dr. Thomas
C. McCleave, Dr. John N. Force,
Dr. Edna Bailey and Dr. Alvin
Dowell.

The founding of a School of
Applied Social Agencies is the
latest project of the board of gov-
ernors of Alameda county public
health center. The courses will
be held at the center.

Right to Raise Rate Given 11 Companies

Eleven automotive transportation
companies operating between East-
bay cities and San Francisco are
authorized to increase their present
tariffs ten per cent by an order of
the Railroad Commission today. The
companies awarded the increase are
Santa Fe Express and Drayage
company, Merchants Express and
Drayage company, American Transfer
and Storage company, Peoples Ex-
press and Drayage company, Cal-
ifornia Transfer and Storage com-
pany, Austin Freight and Trans-
portation company, Williams Motor
Express and Drayage company,
United Transfer company, Oakland
Parcel Delivery, Richmond Motor
Express Co.

GINK'S CHICKENS CAUSE TROUBLE

"It was that blank Gink that got
me into this mess," exclaimed J. L.
Cherrier, 3412 Thirty-fifth avenue
last night when he was arrested on
a warrant charging him with grand
larceny.

Which was not a respectful way to
speak of one's father-in-law, even if
his name is Gink, but Cherrier in-
sists that the circumstances just-
ified it.

In the warrant, Cherrier was
charged by E. J. Gaffney of Mar-
tinez with stealing 212 chickens.
But Cherrier explained that he
had 250 chickens of his own and
pointed out the obvious lack of mo-
tive for the crime with which he
was charged.

Good Lord it keeps me scratch-
ing to buy feed for my own Plymouth
Rock and White Leghorns.

It happened this way, George
Gink, Cherrier's father-in-law, em-

ployed Cherrier to assist him in mov-
ing from his ranch near Martinez to
Oakland. Cherrier went to the
ranch to get the Gink effects. Along
with other things, he brought the
212 chickens to Oakland. But the
chickens did not belong to Gink.
They belonged to Gaffney, and Gink
had only agreed to take charge of
them while Gaffney was away. Hence
the complications.

The telephone tolls between Oak-
land and Martinez ran up to an im-
posing total before the matter was
explained and Cherrier released.

St. Patrick's Alliance Will Picnic Sunday

The annual picnic and outing of
St. Patrick's Alliance will be held
at Pinehurst in Redwood canyon,
Sunday, with a program of sports
and games. The picnicers will leave
on the 10:10 a. m. train from the
Fortieth street and Shafter avenue
depot at 8:20 a. m.

Another picnic scheduled for Red-
wood canyon Sunday is that of the
Electrical Contractors and Dealers'
Association, which will be held at
Medicine park. The San Francisco
club will leave on the 9:40
o'clock Key Route ferry, and will
be joined on this side by Eastbay
district members.

POLICE PASSING 'HOP' THEFT BUCK

The merry game of passing the
buck in regard to the loss of \$750
worth of cocaine held as evidence in
the murder trial of Ollie Woodson
continues unabated in police circles
this morning.

Chief Lynch has ordered a rigid
investigation which is proceeding
apace, but no result had been
reached this morning, although the
chief says that he is going to follow
the finger of suspicion, no matter
where it points.

It was said yesterday that the mys-
terious black handbag which con-
tained the eight bottles of cocaine
was not delivered to the property
clerk by Captain of Inspectors Peter-
sen until he relinquished office
March 22, but an examination of
the records showed this morning that
the contraband drug had been given
to the property clerk by Petersen
the next day after he received it.

Frank Ahern, property clerk, re-

members receiving the bag, from
Petersen but insists that only three
bottles of cocaine were in it when
it came to his office.

Inspector Knapp insists that the
eight bottles of the drug were in
the bag when he placed it on Captain
Drew's desk on the night of Decem-
ber 15. Between that time and the
time it was handed over to the prop-
erty clerk, the police deduce the
fact that five bottles disappeared.

Such Pretty Waves and Curls—In Three Hours!

Have you tried liquid silmerine? If
not, by all means do so. Within three
hours you can have just the loveliest
curls and waves! They will appear so
perfectly natural and you will be sur-
prised how long they will last. When
the hair is combed out it will be
beautifully fluffy.

Silmerine should be applied with a
clean tooth brush before doing up the
hair. It may be used before retiring,
if preferred. A few ounces of the
liquid from your druggist will last
many weeks. This will also be found
to be the best hair dressing. It is en-
tirely harmless of course and is
neither sticky nor greasy.—Advertise-

BERKELEY MAN IS ROBBED, SLUGGED BY HIGHWAYMEN

BERKELEY, June 11.—After pointing three revolvers and a sawed-off shotgun at their victim, four men who were robbing a man on a highway near the city of Berkeley, last night, obligingly left in the stunned man's pocket a key to a pair of handcuffs with which they secured his hands.

Ray's monthly pay, totalling \$125 was taken by the holdup men, who left their victim gagged and stunned beside the tracks of the Ninth street electric line of the Southern Pacific company. Concealing themselves in the tall grass, the four men leaped upon Ray as he proceeded down Harrison street after alighting from a San Pablo car en route to his home at 1120 Fourth street. Despite the odds against him Ray made a strenuous fight and sent one of the chums reeling with a well-directed blow in the jaw.

"Give it to him good, boys, beat him up," directed the stunned thug as he got to his feet. A handkerchief was stuffed into Ray's mouth and blows rained upon his head and body which rendered him unconscious. Recovering his senses, Ray finally staggered up Harrison street to San Pablo avenue, where he sought help from A. H. Epperson, owner of a doll factory. Mistaking the man for a burglar, Epperson called the Alameda authorities, to whom Ray told his story before being taken to Berkeley police station. A search in Ray's pockets disclosed the key to the handcuffs.

The police theory that the four men knew that Ray had been paid and were waiting for him was shattered by the victim, who declared he had never seen the thugs before. Ray describes three of the highway men as between 35 and 40 years of

Husband's Efforts To Locate Wife Still Are Futile

MRS. CHARLES HIMES, who is still missing from her home.

At efforts by Charles Himes of 9227 Plymouth street to locate his wife, Mrs. Estelle Himes, who left their home last Wednesday evening while he was at work, have proved age and short in stature, the fourth he states being apparently about 20 years old and tall. The younger thug, Ray says, held the sawed-off shotgun, while the other three pointed revolvers at him.

CONWAY IS HELD FOR TRIAL UPON CHECK CHARGES

With the last trace of the debonaire aplomb which has characterized him since his arrest three weeks ago, fallen from him as he saw his waying wife walk from the court room, A. J. Conway, held as an international bad check man, heard the pronouncement read this morning that bound him over to the superior court for trial and which, according to the police, will inevitably mean a term in prison.

He was held to answer on a charge of passing numerous bad checks in Oakland. Judge Samuel fixed bail at \$2000.

"I guess there is nothing for it but to take my medicine," said Conway, this morning as he passed in the prisoner's docket while the bailiff was unlocking the door of the ante room which leads to the jail. "I played a wild game for a while, but I knew the crash was bound to come. Now I'll take what's coming to me and then start in all over again. It's going to be tough, but when a fellow's wife stands by him through thick and thin, like mine is sticking to me, it puts heart in him for most anything."

unavailing. Jealousy, he says, caused his wife to leave their home.

Recently his wife had showed an extremely jealous nature, said Himes. "She unjustly accused me of being friendly with other women and during these periods of jealousy she had threatened to kill herself and on one occasion she threatened to kill me. I did not pay any attention to those threats."

"I want my wife to return to me, right now I am almost crazed because I do not know where she is and there is that fear she might have committed suicide. If I knew she was safe I would rest easy."

All of this property is in my wife's name and I am willing to let her have it, although I have hardly missed a day of work since I returned from war. I have worked on my days off in order to make our home a good one."

Mrs. Himes' parents live in an adjoining house and they state they saw their daughter leaving with a suitcase but that she did not tell them where she was going. Himes says his wife had over \$1000 worth of diamonds in a safe deposit vault in an Oakland bank, but he does not know whether she removed them or not.

The couple were wed three years ago. Mrs. Himes was formerly Mrs. Frank Howard, whose husband was a wealthy tobacco dealer of Oakland. They were divorced.

Himes says his wife weighs about 170 pounds, is about five feet, five inches in height, has light brown hair and has a mole on her upper lip and one on her right ear.

RESTAURANTS BY TWO SHIPYARDS ORDERED CLOSED

The eating places near the Hanlon and the Moore & Scott shipyards, it was announced this morning, will be closed by the Health Department.

Two restaurants at the shipyards, which feed thousands of men daily, are declared after an investigation by the city officials to be physically unable to comply with sanitary regulations necessary to render them safe as purveyors of food products.

The action was taken this morning following a conference between Health Officer Dr. Kirby Smith and Commissioner of Public Health and Safety F. F. Morse. The action will also include other restaurants in other sections of Oakland which have failed to comply with sanitary regulations.

Orders have been issued to J. S. Sullivan, chief market and food inspector, to remedy insanitary conditions by setting up a standard to be followed by all restaurants that do not strictly adhere to the requirements will be closed.

As a result of the closing of the eating places near the shipyards, the shipyard officials have taken steps to provide their own eating places for the men. The Moore & Scott yards will have a cafeteria in operation within thirty days, it was announced this morning, while the Hanlon company has already installed partial facilities which will be added to immediately.

DEGREE DIVORCES BERKELEY AUDITOR ON CRUELTY PLEA

Mrs. Helen Allison Bell has been granted a divorce from Elmer Franklin Bell, city auditor of Berkeley, by Judge J. J. Trabucco, on the ground of cruelty.

The couple married in 1918. They have one child, Elmer Allison Bell, five months old.

Mrs. Bell charged that her husband was cold and morose toward her, mistreated her in the presence of their friends and frequently remained away from home several days at a time. She said these departures always followed a fit of rage on his part, from no real cause, and that she always had coaxed him to return. When he left the last time she said, she did not coax him and he did not return. Asked whether she believed she had done her full duty by her husband, Mrs. Bell said she had done more than that and that she believed she had humored him entirely too much.

Mrs. Bell told of a fit of temper at a dance when her husband failed to call for her at the time set and then created a scene because she had continued to dance and was not ready when he arrived.

It was testified that Bell received a salary of \$200 a month. Mrs. Bell has been living with her mother in Oakland, while Bell has continued to reside in Berkeley.

Record Shows Hilliard in Jail, But He Proves It Is Namesake

"All right, all right, but what I want to know is—if I am sentenced to three days in the county jail—how is it that I'm standing here talking to you now?"

So answered J. W. Hilliard, piano salesman for a local music house, to his friends when they "joked" him this morning about being arrested in Berkeley for driving an automobile while intoxicated.

"How about that?" the friends in the office wanted to know, as he triumphantly showed him a clipping from last night's TRIBUNE telling of the sentence meted out by Judge Robert Edgar to J. F. Hilliard, piano salesman, for reckless driving.

Hilliard stood up for his original denial.

"They doubted his word and called up the Berkeley police," said this Hilliard that was arrested for driving while drunk out there, what kind of a machine was he driving?" they asked.

"He was, was he? Thanks. That's all."

Then they turned to Hilliard. "Looks bad, old man, same kind of a machine, too."

Then Hilliard got busy on the phone. He called the county jail. "Yes, we've got a J. F. Hilliard down here. Yes, he's a piano salesman. Oh, no, he's not from Oakland, he has a business up in Jackson, Alameda county," came the voice from the jail.

"Say, hold the line a minute, will you?" replied the free Hilliard. "I want you to tell me if my friends."

The headline for the next Wednesday luncheon of the Lions club at the Hotel Oakland will be Edward F. Hilliard. The address of the speaker to the 150 members of the club will be their friends. Immediately after a solo by Miss Cecile Callison, accompanied by Miss Laura Warlock, violinist, and Albert King, pianist, the speaker's subject will be "Bet Your America."

STREET WIDENING PLANS ADVANCED

Preparation for the renewal of proceedings for widening Fourteenth street between Alce and Oak streets was made by the City Council this morning. An entirely new series of measures passed for the work, which was allowed to lapse by neglect in the prosecution of condemnation proceedings. An entirely new series of measures will now be prepared.

Plans for closing Eighteenth avenue between Plymouth and Olive streets, and a portion of Birch street between Eleventh and Eighty-first avenues, were completed by the council to day. A contract for the improvement of Birch and Patterson avenues and California and Kansas streets, all thoroughfares circling the Laurel school was awarded this morning to the Hutchinson company.

WANTED

An Oakland firm handling a new and successful food product desires the services of an earnest, energetic salesman to sell to grocers in Central California.

This man must own his own machine and be ready to start at once. He will work on straight commission and the possibilities are big.

Write immediately to Box 4705, Tribune, giving full details in letter.

Resolution Favors Motor Fire Engines

In a resolution adopted by the City Council this morning the way was paved for the complete motorization of the fire department, which has been sought by Fire Chief Elliott Whitehead for many months.

The resolution, introduced by Commissioner Morse, directs the municipal efficiency engineer to investigate the project and report upon the cost to the council. The cost would be \$24,000.

According to data supplied Morse by Fire Chief Whitehead, in urging the motorization, the result would be 14 less employees, saving in salaries \$32,376 yearly besides \$1000 in maintenance.

Luncheon Given By Boosters' Club

The Boosters' Club of Oakland Council, United Commercial Travelers, held a luncheon yesterday at the Hotel Harrison. Floyd Gray, president of the Board of Education, presided as chairman, with Max Horvicki furnishing the entertainment. The members will assemble at the Sixteenth street depot Thursday to give a send-off to Meyer Lewis, delegate from Oakland to the Supreme Council convention of the United Commercial Travelers.

McDonough Trial Panel Is Secret

SAN FRANCISCO, June 11.—Unusual preparations are being made today for the trial of Pete McDonough on charges of perjury and bribery. A special panel of 250 names

was drawn from the "big" box today so that the sheriff may start out with the summons. Opening of the trial is set for Monday, at which time the jurors will be examined. The list drawn today is being kept secret until the summons are served and every effort will be made to prevent citizens from evading service.

NUN GRANTED LEAVE
Sister Eustolia of the College of Holy Name, Oakland, has been granted a leave of absence and will leave Monday, June 21, for Canada, where she will be an invited guest of the general superior, Sister Andre and Sister Emilianna. She also has been granted the same leave privileges.

ALLEGED WIFE DESERTER NABBED

Mickel James, whose wife has reported to the police that he deserted her while she waited for him in a local department store, is under arrest at Sacramento and will be returned here today by Inspector of Police Frank Roesick, who went to the capital city after him. James was arrested in Sacramento upon the request of the local police.

His wife and the mother of a five-months-old baby was left utterly destitute when he suddenly departed for Sacramento as he had taken every cent of the family's funds. The couple were planning to go to Sacramento together, but just before the time for the train to leave, James disappeared.

Mrs. James and child are being cared for by the inspectors' bureau, members of which have obtained accommodations for them.

ALFALFA PRICES GOOD
BYRON, June 11.—Alfalfa growing in the Byron section these days because of prevailing high prices paid here for this commodity. Hay loose in the fields is bringing \$25 a ton, while baled hay commands \$25.

Will you ever want a more delicious, good cake than one made with Libby's Evaporated Milk? It's half a cup of water, it's the beaten whites of 2 eggs mixed with one tablespoonful of sugar, and cook in a double boiler till smooth and thick. Remove from fire, add one teaspoonful vanilla, one tablespoonful dissolved gelatine, a cupful of stale macaroon rolls in a fine and the beaten whites of 2 eggs. Spread immediately between layers of cake. Truly a superb coconut may be used in place of the macaroon.

IN cakes, custards, cream sauces—wherever your recipe demands a particularly fine quality of milk, use Libby's Evaporated Milk. It is so rich, so creamy! Economical, too—there's no waste. Ask your grocer today for Libby's Evaporated Milk—the "milk from famous pasture lands."

Elmhurst to Discuss Free Market Stall

The Elmhurst Community club will hold a special meeting on Tuesday evening, June 11, at Redmen's

hall, Ninety-fourth avenue and East Fourteenth street, for the purpose of discussing the needs of Elmhurst in the way of a school. Members of the committee appointed by the board of education to supervise the expendi-

ture of the recent bond issue and the construction of the different schools will be present to take part in the discussion. On cold rain can ruin an apple crop.

Nolan to Discuss

Hiram W. Johnson

"Hiram W. Johnson" will be the subject of an address by Congressman John I. Nolan on Sunday, June 20, at Shellmound park when the forty-eighth annual gathering and picnic of the International Mothers' Union No. 164 takes place. A blanket invitation has been extended by the mothers to all labor unions to attend. Dancing and various kinds of entertainment will be included in the program.

Over 350 grocery and tobacco specials—cheaper than wholesale—We defy competition.

Unreasonable, Madam? No, It Isn't

But You're Not the One to Blame

When men scold about the coffee, remember its importance to them. Their "coffee" is their breakfast

But they shouldn't blame you if the coffee varies—if you keep the pot clean and make the coffee in the same way daily.

In that case it's the brand—not you—that is the cause of the "poor coffee."

For some brands vary constantly, because even the world's best raw coffees do.

We overcome this by roasting, blending and testing daily—all done by experts—to maintain a *changeless* flavor-standard in every Folger can.

And this uniformity is vital, madam, if your coffee is to be *always the same*. If you treat it the same way daily you want your brand of coffee to *treat you the same*. Try "Folger's Golden Gate" and note its *different, better flavor*. You must expect it to be different—because it is better.

"Folger's Golden Gate" Coffee is uniform. It brings to you a never-

changing flavor, sealed in a vacuum-packed can.

Smooth, Rich, Delicious—A Non-Acid Coffee

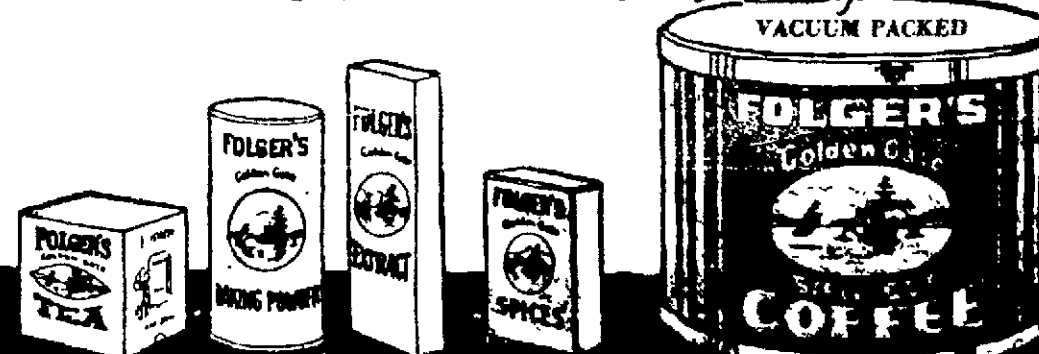

If you've had coffee-making troubles "Folger's Golden Gate" will end them.

You will find in "Folger's Golden Gate" a non-acid coffee that you can make "strong" if you like, and yet retain a healthful effect.

Ask your grocer for a pound to try today.

FOLGER'S Golden Gate COFFEE

"Always Tastes the Same in the Cup"

BENNY LEONARD-JIMMY DUFFY AFFAIR HAS BEEN CALLED OFF

FANS RALLY TO SUPPORT OF OAKS AND THE BOYS RECIPROCATE BY WINNING A GAME

DENNY WILIE SAVES OAKS FROM BASEMENT WITH TIMELY DOUBLE

Carl Holling, Who Threatened to Desert the Locals, Hurls Fine Ball Against Beavers

By EDDIE MURPHY.

With early reports from the south showing the Seattle Rainiers to be enjoying a walk-away over the Vernon Tigers and the Portland Beavers gathering a three-run lead over the Oaks, in the first inning, gloom was at its greatest height this season at the Oakland ball park, yesterday afternoon. The Oaks who have been enjoying a vacation from the dark cellar of the Coast League since last spring, were about prepared to return there when someone told them of their danger. They broke loose like a lion from a cage and staged one of the old-fashioned seventh rallies and saved themselves from the cellar by scoring three runs. Denny Willie, the Oaks' rightfielder, and who has been fighting against the bad luck of the Oaks all season, was the hero of the rally when he drove a double to right-center that chased home two of the runs.

Carl Holling, who has suffered several straight defeats and who threatened to quit the local club but changed his mind when told that he was slated for a big league berth, gets credit for pitching the Oaks to the win. Carl pitched a beautiful game for the Oaks and the Beavers deserved but one run off him. The Oaks were in a tight spot when Hack Miller dropped Koehler's fly to left field when two men were out.

Only One Run Is Earned Off Holling. After watching his Beavers cop the first two games from the Oaks, Manager Walter Koehler felt that he didn't have to do the baseball suit, so he directed the boys from the bench in his civies. Walter himself pitched the Oaks' first game, and he was much noticed by the fans until the Oaks rallied behind Holling and pulled the game out of the fire. Holling pitched a fine game and all the while his team was in front, but after the seventh inning, he looked much enough to bite his initials in the cheeks of Frank Jones who was chosen to do the mound work for the Beavers.

Holling allowed the Beavers seven hits, three of them coming in the first inning. Lew Binkley threw a run into the local Oak supporters by leading off with a triple to right-center. Willie then singled to left field, and Maisei bounced another hit off Holling's fence. Cox hit to Holling and the latter threw a third in time to Hack Miller. Schaller advanced Maisei and Cox with a bunt, and was retired at first. Holling lifted an easy fly to Miller, but a stiff wind kept Hack guessing and he was not properly set to accept the ball and it fell to the ground as Cox and Schaller chased over the plate. Koehler reached second, but died there as Siglin reached to Knight.

Oakland Fans Show That They Are With Team. It was cheering to see the way the Oakland fans jumped to their feet and shouted as Billy Lane started off for the Oaks with a two-ply smash against the left field fence. It seemed that there are still plenty of boys behind the Howard and the laces. Even when Carl Holling stepped to the plate in the second inning, the fans applauded the various pitcher as much as he was applauded when winning regularly. Maybe that spirit of the fans that made the Oaks go out and fight to overcome the three-run lead of the Beavers.

Willie's double was followed by Willie's single and Lane reached third. Cox did well to get hold of Cooper's line drive to right field. Miller hit to Lewis and the latter's throw to the plate was too late to get Billy Lane and the Oaks had one of their runs back. Knight and Miller popped to the infield.

Holling allowed the Beavers only one hit from the first until the eighth when Jones and Blue started the inning with singles and Wisterl sacrificed. Billy Hamilton made a one-out play when he handled Maisei's bounder and made sure that Jones didn't travel home as he threw to first. Cox tried a fly to left and this time, Hack Miller closed both paws tight on the ball.

Pop Arlett's Hit Puts Oaks On Their Way. The Oaks opened their attack on Jones so fast in the seventh inning that they had the game on ice before some fans could realize it. Pop Arlett who gathered three hits for himself off Jones, started the rally with a single to left field. Billy Hamilton popped to Siglin and Cox made a sacrifice and a double earlier in the game and was left to die on second, drove a hit over the middle of the infield. Jones reached second on a sacrifice and Willie reached third on a sacrifice. Holling knocked Wisterl from his pins with a line over third that hit him in the single and scored Arlett. Denny Willie was next to the plate and he contemplated his two-bagger that chased Holling and Lane home after the game. Holling and Lane home after the game. Holling and Lane home after the game.

The Oaks made sure of the game by picking up another run in the eighth inning when Knight drove a walk to third on Pop Arlett's third hit, and little Billy Hamilton drove a double over the plate. The Oaks earned everyone of their five runs, while only one was earned off Holling.

Harold Jones Is No Match for Benjamin

SEATTLE, June 11.—Joe Benjamin, Portland, Ore., Pacific coast lightweight champion, scored a technical knockout over Harold Jones, Tacoma, in the second round of their scheduled four-round bout here last night when the referee stopped the bout to save Jones from further punishment.

Three Santa Clara Men on American Olympic Rugby Team

SAN JOSE, June 11.—When the American rugby team leaves this state for Antwerp, where it is to meet the best rugby teams in the world in the Olympic games, it will have in its personnel three players from the University of Santa Clara—Roy Fowler, William Muldoon and Rudy Schell. Also a former Santa Clara star, John Muldoon, all have starred for several seasons on the mission university team.

The college boys will represent this country, will go into training at Stanford University about June 20 and will leave for the east July 5, according to present plans. The squad will be 20 players, a trainer and a coach.

To finance the trip the University of Santa Clara quota has been placed at \$1000 and will be raised by subscription in Santa Clara and San Jose. Some of the big firms in Santa Clara have expressed a desire to aid in the financial arrangements.

TAGGING THE BASES

The "Rubber Ball" series at Salt Lake is keeping the fans guessing. The Seals have bounced out of the lead, back again and out again. They did the latter yesterday afternoon when the Salt Lake Bees tackled a 5 to 3 defeat on them. The Seals outlasted the Bees for two hours, but the hits of the Seals were kept scattered while the Bees got most of theirs in the pinch and scored twenty of their runs off Jim Scott in the first five innings, after which Sam Lewis took the hill and allowed two hits. Suffer Stroud worked on the hill for the Bees.

The Seattle Rainiers smeared an 8 to 0 whitewash on the Vernon Tigers and hoped to get out of the cellar until the news that the Oaks beat the Beavers was flashed to the south. Bill Perry, one of the Tigers' best-hits, was knocked from the box in the first inning and was replaced by Dell. The Bees got savestert by Dell. Harry Gardner pitched for the Bees.

Rod Murphy and Brick Eldred hit three apiece, the latter sending one for a homer.

The Angels took the first game of a double-header from the Coyotes, but a 3 to 1 score, but the Coyotes came back in the second game and won 1 to 0. Ray Keating in the first game, while Clinton Prough pitched the Sacramento bays, surprised the Angels to four hits in the second game. Brown allowed three hits, the winning run of the Coyotes being made in the eighth inning without a hit.

Babe Ruth helped to shove the Detroit Tigers further into the cellar by hitting his sixteenth homer and helping the New York Yankees to a 10 to 4 win.

Ping Bodie didn't get a hit for the Yankees, maybe because Orie, the Detroit pitcher, insisted on walking him in the pinches, as Ping is charged with being at bat but once. Anyway he crossed the plate twice.

Duffy Lewis and Roger Peckinpah contributed a pair of hits each for the Yankees, while Hannan and Bobby Meusel hit one each.

The Tigers played a swell game behind their pitcher and didn't make an error. Babe Pinelli and Harry Heilmann hit one each for the Tigers, while Pop Young hit two.

Tommy Pitzsammont, former St. Louis college boy, will do an Oakland uniform today and the chances are that he will be placed at short to relieve Jack Knight, who has been suffering with sore legs, but refused to rest on the bench as long as the Oaks needed him. Fans don't realize what Knight has been doing to keep the Oaks from slipping down into Brown 4. Struck out Prough 1. Brown 2. Wild pitch—Brown. Umpires—McGraw and Holmes.

Boxing Bouts at San Leandro Festival

SAN LEANDRO, June 11.—In connection with the cherry festival at San Leandro Saturday, June 13, for the benefit of the Red Cross the following boxing events will be held at 8 p. m.

Promoted by Fort Hude San Leandro Athletic Club.

Battling—Larsen, San Leandro Athletic Club, vs. Jack Davis, Oakland.

Harold Johnson, Hayward, vs. Tom Lacey, San Leandro Athletic Club.

Inside Dope on the Little Four-Rounders

By BOB SHAND.

Benny Leonard has hurt his leg, which is as good an excuse as any and there will be no Duffy-Leonard farce at the Coliseum next week. Word about an injury to Leonard or some other excuse has been expected for some time as the promoters of the affair discovered that the match would not "take" with the sophisticated fans of the bay cities. Leonard, out of the game for months and looking like a middleweight, would have looked fine in the ring with a youngster like Duffy, even with his own referee and the no-decision stuff prevailing. Of course Duffy would have tried and centered his efforts on scoring a knock-out, but the dear pee-pul got wise to the lay-out and refused to entuse.

They remember other appearances of Mr. Leonard here, other benefit performances, and they refuse to be stung again. Incidentally, it seems strange that the bout was scheduled for the Coliseum, San Francisco, where an Oakland boy, could have boxed at the local Auditorium the same night and Tommy Simpson's regular show night. But, like the man in the advertisement says,

"There is a reason," maybe several of them. One is that Leonard could not dictate on this side of the bay; another is that Tommy Simpson insists that the public should be protected. Lee Anderson was a three-time favorite over Al Norton at the Coliseum last night, but Lee didn't win; neither did Norton. Referee Toby Irwin got jerry to the layout in the third round and tossed both of them

from the ring when Anderson absolutely refused to do any fighting. The best scrap of the night was furnished by Frankie Jones and Bert Colima, Colima taking the decision at the end of four fast rounds. Tim Kelly kicked Joe Welch and Benny McCoy and Larry Jones stepped to a draw. Lee Houch and Frank Webb were given the gate for stalling.

Spud Murphy and Lee Anderson are billed to meet in the main event at Dreamland Hotel, San Francisco, tonight. Marty Farrell was originally signed to meet the colored heavy-weight, but he caught cold yesterday and Murphy was substituted. Bum Spiers and Steve Dalton clash in the special event.

Several fans have written criticizing some of the recent decisions at the Auditorium, but as long as the letters are unsigned they cannot be published. The fans who write should attend the Dreamland shows across the bay occasionally and perhaps they won't think the local decisions are so bad. That's why it is funny to read in San Francisco papers about "Oakland" decisions. Perhaps it was the large crowd that was in attendance that caused them to exert themselves, not wanting to be shown up before their friends. Friday night will see two more squads on the all-ways after their games are over the number of players in the tourney will have been considerable. The scores follow:

Players.....136 185 147—388
G. Whitehouse.....299 173 184—556
Martinez.....157 185—342 Reinhold.....126 168—294

Full set as the scores will show. The Maryland Bowling Alleys last night, the stars of the game came back into their own. Taking notice of the happenings on the opening Guild night, they were after the wood right Players from the Shump, taking no chances of losing out.

Few of the night's games went the full set as the scores will show. THE HOUSE OF COURTESY

Better Value Makes This the Everyday Store for Men Who Want Good Clothes

C. copyright 1920 Hart Schaffner & Marx

Many New, Fast Colored BLUE SERGE SUITS have been added to our extra-value group at

\$47

And we can tell you men and young men, who are interested, that these are high-grade suits of a quality far better than you would imagine "Forty-Seven-Dollars" could buy today. They're stylish single-breasted of Blue Serges, tailored in the expert manner that enhances the style and richness of the fast-colored fabrics—only \$47.

Then there are HART SCHAFFNER & MARX SUITS in the large selections you like—new single and double breasted models in woollens of many weaves, patterns and colors. They're all well-made, fine-appearing suits you gentlemen like to wear, and they're priced at far less than you expect to pay. **\$47**

Here's Opportunity! All of Our Silk Shirts—One-Third Off

The drop in the wholesale cost of silk brings you the deep savings. All of our silk shirts (excepting only the restricted Manhattan lines) are now reduced one-third. The range includes shirts of plain crepes, satin stripe crepes, Tub Silks, Jersey Silks, Empire Crepes and fine Jacquard and Broadcloth Silks, your choice at one-third less.

Another of those extra value days for Men in our

Cash Basement

Men's Pleated Shirts..... **98c**

These are finer pleated bosom shirts of striped madras; worth up to three times the sale price. Sizes are 14 (a few 15½) and then up to 17. Not a large lot, either, so buy early.

MEN'S COTTON SOX of firm weaves, in black and all sizes. Special now at 19c.

84 Dozen High Grade Soft Collars for Men in a Sale

These are the noted Arrow collars, including three far high-priced grades; some are samples, or have slight imperfections; others were soiled in the factory but have since been washed and are now in perfect condition. Many styles; sizes 14 to 17; in three lots: Striped Madras and Poplin Collars 2 for 25c Mercerized and Pique Collars..... 3 for 50c Silk and French Pique Collars..... 25c ea.

Men's Silk Hosiery, pair..... **66c**

There are 240 pairs, most of them of fine silk threads (a well known line), and others of silk lisle. Black, white, navy, gray and two tones, at a price that is unusually low.

MEN'S COTTON AND LISLE HOSE, in black, gray, tan and navy, in all sizes, are special at 33c pair.

OWEN FIRST OF
BOURBON HOPES
TO REACH COAST

SAN FRANCISCO, June 11.—(Continued) Row has been the first of the Democratic candidates to be published in the "Pulse" of Industrial Depression. As a result of being a United States senator, he is a member of the National Political Convention.

Without an exception, the delegates to make themselves known when the time comes, also, are in charge of the "Pulse" of Industrial Depression. As a result of being a United States senator, he is a member of the National Political Convention.

delegates, less than one-third, of which is pledged. It is an unusual situation, for a Democratic convention is taken to mean that the party has been building its name until after the close of the Republican convention and will then name the man who can make the best fight. So in the first ballot, the first train for Palmer has about 100 delegates, and Mr. Adoo, who has arrived in San Francisco one week

Arrangement Committee of Democratic leaders in conference at headquarters in the Exposition Auditorium. One of the first problems to be settled was that of telephonic communication between rooms and from the hall. THOMAS DELURY of the telephone company is shown on the left. Next is W. J. COCHRAN, director of publicity for the convention. National Chairman HOMER S. CUMMINGS is seated third from left, and the others toward the right are: ROBERT H. EDWARDS, delegate from Idaho; J. B. KREMER, vice-chairman; W. R. MARA, assistant to Cummings; W. H. HOLMES, executive secretary, and CHARLES W. FAX, postmaster of San Francisco and chairman of the local committee.

to be in the city next Thursday. A statement issued after his arrival here, Senator Owen expressed the wish that Johnson be the Republican nominee and that the Democrats adopt a progressive platform. Sitting daily at the headquarters in the Exposition Auditorium, the arrangements committee is turning out a volume of preliminary work

among those who are meeting in these conferences are Chairman Homer S. Cummings, vice chairman J. B. Kremer, assistant W. R. Mara, executive secretary, W. R. Hollister, director of publicity, W. R. Cochran, Robert H. Elger, delegate from Idaho, and Charles W. Fax, postmaster of San Francisco and chairman of the San Francisco committee.

are on the scene, and the Coliseum convention adjourns and possibly until a week or ten days before the San Francisco convention headquarters is to be moved.

ANNOUNCEMENT WAITED.

It is an open secret that the Pershing announcement has been expected and that it has already caused interest in the McAdoo camp. When General John J. Pershing announced his intention to return from the army, every oldtime politician looked wise and asked himself, "What next?" They are placing some credence in the tale and promise that the session is to be enlivened by the entrance of the soldier.

In the history of the country but three soldiers have been elected to the presidency, four were unsuccessful candidates and a larger number, including Sherman and Sheridan, failed of nomination. The three soldier presidents were: William Henry Harrison, Zachary Taylor and U. S. Grant.

More and more uneasiness is being shown at the possibility of open warfare between the Bryan and Edwards forces over the wet and dry issue. It is known that Virgil G. Henshaw of the Prohibition National Committee will have a force of co-workers at the convention, a group which will cling close to the platform framers until the session adjourns.

EDWARDS IS PRIMED.

Edwards will start for San Francisco.

BOURBONS SILENT
AS TO PERSHING

SAN FRANCISCO, June 11.—There is no subject upon which the headquarters for the Democratic National Convention is as silent as a room for Billy Sunday and that is the prospect of General Pershing entering the convention as a dark horse candidate.

Gossip regarding tickets, speculations regarding the size of the crowd, part comment on the rival show in Chicago and threats as to what may be done to scalpers, all these things are ready topics for Chairman Cummings, Vice-Chairman Kremer and the group of arrangement committee members who

elso June 18. "I am not an orator like Bryan," he said the other day in New York, but I have prepared a list of questions relating to prohibition which Bryan will find difficulty in answering."

Edwards went on to say that it was evident that neither Attorney-General Palmer nor Commissioner Roper, both prospective candidates, could enforce the law, as the public is not in favor of strict enforcement. Asked if he thought McAdoo

was a candidate, he laughed and said: "Well, he acts like one."

Charles F. Murphy left New York for San Francisco yesterday. The Tammany Hall leader will stop at French Lick and at Chicago, for a number of conferences and will spend ten days or more on the way. His reply to the old question was: "That will be decided in San Francisco."

The definite declaration of Pershing that he is going to face Bryan with a list of questions and will throw the fight into the convention floor is the one big topic at headquarters. As for the Pershing boom, it is not being mentioned.

To Return Property Seized in Mexico

MEXICO CITY, June 11.—All property seized by the government during previous administrations will be returned on simple presentation of title to the property confiscate, according to newspaper reports quoted by General Salvador Alvarado, acting secretary of the treasury.

Santiago Martinez Alomia, former justice of the Mexican Supreme Court, has been named secretary of foreign relations.

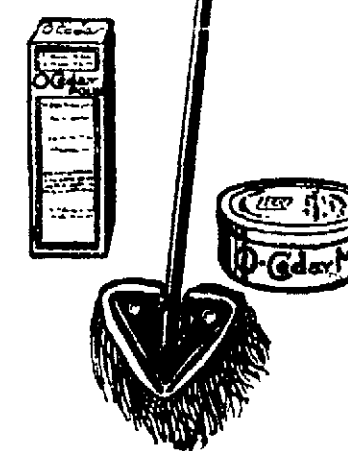

Jackson's Saturday Special
